Good Morning! I am emailing regarding the business Magnolia Rose Aesthetics. I am not a current Terre Haute resident but I used to be. I live over an hour and a half away now but I STILL travel to Terre Haute for all that Magnolia Rose has to offer their community. They are wonderful ladies and offer such impeccable service that they will be an asset to their new location. They have worked very hard and so many of us hope you all see this and allow them to move forward with their new location. Classy, elegant, respectful and determined:: so excited for them!

Thank you for your time.
